Pathway Certificate

FOR PSYCHOLOGY MAJORS

Any WCU student interested in earning a community engagement pathway certificate can do so by taking only four courses (12 credits) from approved course options. Three of the four courses a student takes toward the community engagement pathway certificate (9 of the 12 credits) must be approved as general education courses. The three general education courses must have different prefixes.

If you've taken PSY 100 and 21 hours of PSY coursework

Course	Gen Ed	Pre Req
