

FEBRUARY 2026 NEWSLETTER

LIVING LEARNING Communities

HIGHLIGHTS

Sustainability & Social Justice

In the *Junk Journaling* event on February 22, residents let their creativity shine and didn't waste a single moment in making memories (feat. above).

Chemistry LLC

Do you know the scientifically best way to eat chocolate? Join us on March 3 for the *Chemistry of Chocolate and Gemstones* event and try \$100 worth of chocolate as Dr. Ganas discusses the chemistry behind maximizing the taste of chocolate (feat. to the right).

FEBRUARY UPDATES

What is happening in the Living Learning Community world?

Lavender Garden

25 Lavender Garden residents participated in the *Conflict Management Workshop* hosted by CTQA on February 12. They learned about conflict being an opportunity for communication and utilizing healthy coping skills.

Academic Success Program

The *Shark Tank* event featured ASP residents pitching products to one another based on fun prompts! Residents voted on the best products and competed for top prizes including a moon light!

Emerging Technology LLC

In preparation for our *Drone* take-to, we are hosting a *Paper Airplane Contest* on March 3, 2026!

Psychology LLC

On February 17, residents participated in a *Modeling Clay* event! This craft was a great way to reflect on how to mold yourself into being the person you envision.

Chemistry
of **Chocolate**
and **GEMSTONES**
Tuesday 3/03 6 pm

Join us in the conference room to eat and learn about the chemistry of chocolates and hear a talk from Dr. Ganas about the chemistry of making diamonds!
