LIVING LEARNING Communities

HIGHLIGHTS

Sustainability & Social Justice

The *Pot a Plant* event was held in collaboration with the Library's Adopt a Plant program. (feat. above.)

Emerging Technology

Analog Ghosts in Digital Machines: The Persistent Past of Music Technology brought LLC students to the music building in an experiential learning session on sound production. (feat. to the right).

OCTOBER UPDATES

The Living Learning Communities have been in a great groove. All October Planning Meetings have been completed.

The LLC residents are in for a great Fall season. Here are some upcoming events our LLC teams have created:

Lavender Garden

Center for Trans and Queer Advocacy (CTQA) has a month of events planned as it is LGBTQ+ History month! Lavender Garden will attend the Lavender Recital on Oct 27, 6pm in Philips Autograph Library.

Chemistry LLC

In collaboration with the Alchemist Club, the Chemistry LLC will be part of the Bingo event on Oct 29, at 5pm with a SCS Trick or Treat on Oct 31 at 12pm.

Psychology LLC

As Psychology LLC residents share a common PSY class, the floor event will be on Affirmations. This event brings the classroom learning into our residential living.
