

# Poll Everywhere Web Application

## SIGNING IN WITH POLL EVERYWHERE

- Launch the web app from <https://www.polleverywhere.com/>
- Sign in using SSO (single-sign-on) and your WCU credentials.
- Faculty can create Poll Everywhere Activities and pull user responses to their D2L Gradebook. Users must contact Jessica Drass at [jdrass@wcupa.edu](mailto:jdrass@wcupa.edu) to request this account type. Once your request has been fulfilled, you will receive an invitation from Poll Everywhere to join WCUPA's account. Follow the steps in the [Poll Everywhere: Accepting WCUPA's Poll Everywhere Presenter Invitation](#) knowledgebase article for a step-by-step guide of this process.

## CREATING AN ACTIVITY WITH POLL EVERYWHERE

- Select *My Activities* from the left toolbar, then select *+New activity* from the top right corner.
- After creating a new activity, you are given five types of activities to select from: blank activities, small discussion, large gatherings, interesting visuals, or WFH icebreakers. Select one.
- After selecting an activity, edit the title, and select from Response settings, Audience restrictions & identify, and How people can respond.
- To change the background image, click on visual settings and then the background drop down.
- Select **Save** to save changes. Your Activity will now be shown on your activities page.

## PRESENTING WITH A CLASS

- Select the saved activity, once in the edit screen click present. The question will be presented on your screen.
- Students can respond by going to your personal URL displayed at the top of the screen OR tap on the QR code next to the URL to display a large QR code for your class to scan. Click anywhere to go back to presentation mode.
- When the poll is over, hover your mouse on the bottom middle screen and click exit.
- Make sure you click *deactivate* so students no longer can respond

## ADDITIONAL INFORMATION

- Poll Everywhere can be used asynchronously by sharing a link with students and peers. In the *share* dropdown menu select *copy response link*, anyone with this link will be able to respond to your poll even well the activity is not activated.
- Poll Everywhere can also be embedded into your presentations [Poll Everywhere: Integration with PowerPoint](#)
- Additional presentation options for [Poll Everywhere on Google slides and Keynote](#)
