Student Learning Outcomes
for
West Chester University Office of Services for Students with Disabilities

OSSD Student Learning Outcomes provide a systematic method of evaluating and assessing whether OSSD is successfully meeting its mission to assist students in making a successful transition to the university and achieving their academic goals toward successfully graduating from the WCU. OSSD Learning outcome results provide appropriate measures in order to improve effectiveness of these services.

LEARNING OBJECTIVE	EVALUATION DATA	METHODS	LEARNING OUTCOMES
1. To assure that 53% of all participants will persist from one academic year to the beginning of the next academic year	Number and percentage of each cohort who are retained; student rosters; student transcripts; advising reports; final grades; retention data for each cohort	Analysis of students' grade reports and transcripts; compilation of retention data, based on transcript analysis; analysis and summary of end-of-semester evaluation results; comparative analysis of program retention data with baseline data; comparison of retention data of SSS students with that of non-participants	Average persistent rate from 2012-2013 is 92.5%
2. To assure that 80% of all participants will remain in good academic standing by meeting the performance standards at West Chester University	Number and percentage of each cohort who have met the objective; student rosters; student transcripts; advising evaluation; final grades; student evaluations	Analysis of students' grade reports and transcripts; compilation of retention data based on transcript analysis; analysis and summary of end-of-semester evaluation results	At the end of 2012-2013 cohort's year, 95% were in good academic standing

Academic Dismissal = 1%
Academic Probation = 4%
G.P.A. < 2.0 = 10%
G.P.A. 2.0-2.99 = 38%
G.P.A. 3.00-3.99 = 51%
G.P.A. 4.0 = 1% |
